

HENRY H. SCADIN DAIRIES

1907

Tuesday, Jan. 1

We made no demonstration to celebrate the new year. It was cloudy all day. I wrote a number of letters. Bought a stove and set it up in the room I am to have for my work shop.

Wednesday, Jan. 2

I walked out to the old home this morning and then took Will's rig and drove to Hamburg and Whitmore Lake. Had dinner at Henry Queals. Fred Taylor of Jackson was there. The roads were very rough this morning, but softened some, and tonight it rains. Will and I called on aunt Em and Maude tonight.

Thursday, Jan. 3

This has been a rainy day. I called at aunt Delia's and at Bert Kenny's and took dinner with Edwin Ball's folks. Walked back home through the mud this afternoon.

Friday, Jan. 4

It cleared off today and it makes us all feel better. I spent the day doing odd chores.

Saturday, Jan. 5

A nice bright day. Kate and I went to the clothing store to buy me some clothing this morning, then I went to Ann Arbor on the train to get some things. Don brought Nellie home tonight.

Sunday, Jan. 6

It has grown cloudy and foggy again today. It continues warm and the ice is out of the millpond. We all went to the Baptist church except mother, and she has a bad cough. The roads seem to be very muddy.

Monday, Jan. 7

Ther.: 56+

Warm and foggy all day. I sorted over the apples down cellar. "Bill Bone" spoke and recited his poems at the Opera House tonight. It was a good entertainment. I ordered a series of lessons by mail in Water Color work.

Tuesday, Jan. 8

Ther.: 36+

There was a real thunder storm last night. Tonight it is growing colder. Will was up town today and had dinner with us.

Wednesday, Jan. 9

Ther.: 18+, 24+

Quite cold today. The sun shone and some light snow squalls. Don came up and went to Ann Arbor on the train. He is here tonight.

Thursday, Jan. 10

Ther.: 16+, 26+

Rather a blustery day but moderate some. Cloudy and looked like snow.

Friday, Jan. 11

Kate and I went to Ann Arbor today to do some trading, she in the dress line, I to get an Edison Phonograph. We called at Mrs. Cushmans just before coming home. We found Don and Fred Taylor when we got here. It has been a pleasant, moderate day.

Saturday, Jan. 12

Been thawing some today. Fred Taylor went back to Jackson tonight. Elsie Cranson was over tonight to hear our new Phonograph.

Sunday, Jan. 13

Ther.: 32+

Been very foggy all day. I wrote some letters and did a little reading. Took the Phonograph over to play for uncle John and aunt Ann tonight. Lew Bennett and wife called here tonight.

Monday, Jan. 14

Ther.: 38+

Another cloudy, soft day. Will came up with a load of wood and was here to dinner. I got the first of a series of lessons on coloring pictures, and the paints by express today. Mother is sick tonight.

Tuesday, Jan. 15

Ther.: 26+, 20+

Grew colder today. The timber man was out at Will's today and we sold some trees. I did a little picture work by developing paper.

There came a snow last night that whitened the ground.

Wednesday, Jan. 16

Ther.: 20+, 25+

Been a chilly day and some fine snow flying in the air. Mother thinks she feels a little better tonight. I tried practicing some on coloring this afternoon.

Thursday, Jan. 17

Ther.: 22+

Considerable fresh snow on the ground this morning. I printed quite a batch of platinum prints today. We had a Phonograph concert again tonight.

Friday, Jan. 18

Ther.: 32+

Warmer today and the snow is melting. I made another lot of prints. Some of Nellie's girl school mates came in this evening and I ran the Phonograph for them.

Saturday, Jan. 19

Ther.: 60+

Continued to become warmer, and tonight there were heavy showers. It rained a good deal last night. The snow is all gone. Horace Sayles and Ralph Williams called this afternoon. I went to see Mr. Patrick Kearney a little while.

Sunday, Jan. 20

Ther.: 20+, 10+

A great change since yesterday. The wind blew fiercely all last night, and was snow squally and blustery all today. A big barn out a ways from town was wrecked last night. It is sharply cold tonight.

Monday, Jan. 21

Ther.: 10+

Cold and squally all day. I went out to the farm and the timber man came to mark the trees he is to buy. Will took him to Hamburg tonight. I got back to town at 6 o'clock.

Tuesday, Jan. 22

Ther.: 10+, 16+, 5-

Been a cold, but bright and pleasant day. Don stayed here last night. Kate painted some large pictures today. I practiced a little on my lesson but don't get on very well. It is stinging cold tonight.

Wednesday, Jan. 23

Ther.: 15-, 16+, 4+

Coldest morning of the winter so far. I went to Ann Arbor and began Osteopathic treatment for the trouble in my arm. I came to Pacy's corners on the Motot car, and walked home. Got 1 doz. new records for the Phonograph.

Thursday, Jan. 24

Ther.: 4+, 14+

Some light snow today and the wind east. I trimed and mounted some of the larger paintings this forenoon. Practiced some on drawing and painting lessons this afternoon. Kate, Nellie and I were at Elsie Cranson's tonight and I took over the Phonograph.

Quite warm today. I packed up negatives ready for shipping. Went to Ann Arbor for the treatment and called on Don and Elsa.

Tuesday, March 12

Ther.: 48+

There was rain during last night, and it has been misty all today. There was a meeting of Creamery stockholders this afternoon and I hope the business is sold out. Will and Millicent came up for supper and spent the evening. Elsie Cranson came over and we had a nice visit.

Wednesday, March 13

Some sprinkles of rain and hail today. Mrs. Waters and Roger went back to Ann Arbor this afternoon on the train I went down on. Nettie west went out to Mr. Koch's.

Thursday, March 14

Ther.: 30+, 40+

Been at the packing all today. Will was here for dinner. A light snow last night that melted today.

Friday, March 15

Kate, Dewey and I went to Ann Arbor to visit at Don's. Henry and Kate Queal were there and we had a nice visit. We went to Aunt Hannah Price's for supper and then we attended the Theatre. We came home on the late train. A chilly day but thawing.

Saturday, March 16

Ther.: 50+

Very pleasant day. I went out to the farm to get a few things we want to pack. The roads are fearfully muddy.

Sunday, March 17

Another pleasant day. Kate, Dewey and I had supper at uncle John Spoor's tonight.

Monday, March 18

Ther.: 22+

Colder this morning but it moderated some. We were busy packing most of the day. We went to the funeral of little Bernice Jewel this afternoon. I went to Ann Arbor this evening.

Tuesday, March 19

Ther.: 58+

Mild weather continues. There was a covering of ice on trees and walks early this morning. Kate and I continued the packing business. We all went to Copeland's for supper this evening.

Wednesday, March 20

Worked hard at the packing today. Kate and I went to Ann Arbor this afternoon. She got more of the water colors for her painting. Wooster Blodgett is quite sick and out of his reason. Mr. and Mrs. Backers[?] called her tonight.

Thursday, March 21

Ther.: 58+

Hard at work with the packing and boxing all day. Ida Kenny called this afternoon. Ralph Williams came and got Nettie West this forenoon.

Friday, March 22

Ther.: 78+

Crating and packing goods most all day. Went to the creamery and bought butter to take south with us. Kate and Dewey went out to Webster with Millicent this afternoon to spend a couple of days. I went to Ann Arbor for my last treatment. Was at the Dedication of our Masonic Temple tonight. It is very warm weather.

Saturday, March 23

Ther.: 62+

I made crates and finished packing the freight today. Ma and Nellie went to Ann Arbor and visited with Don and Elise. Ma went to stay tonight with Mrs. Blodgett. I heard from Kate and Dewey at aunt Delia's.

Sunday, March 24

I hired a horse and buggy and went out to Webster today. Called at aunt Delia's and then stopped at the old home. We all went to church then had dinner with Will and Millicent. The roads were quite bad. Kate and I called at Blodgetts and Elsie Cranson's tonight.

Monday, March 25

Got the freight started off this forenoon. It was a job to get our trunks ready. We were all shocked by the sudden death of Edgar Cranson this afternoon. We said goodbye to Mother and Nellie and came to Detroit tonight.

Tuesday, March 26

Spent most of the forenoon with the Hubbell's, then took the cars for the south at noon. It is very warm weather for traveling. We got to Cincinnati on time and have passage on the Asheville sleeper.

Wednesday, March 27

Our train was very late this morning and we cannot get to Lake Toxaway tonight. I telegraphed from Knoxville so Dave would not come to meet us. We are at a hotel in Asheville tonight. I saw Ed. Raines and some of the other former Sapphire boys.

Thursday, March 28

I came to Hendersonville early this morning and Kate and Dewey went to the Asheville home of Mrs. Jacobs for a visit, coming on this afternoon when I joined them and we got to Lake Toxaway tonight. We are stopping at McGuire's and are glad our railroad journey is over.

Friday, March 29

Dave and Alfred Miller came for us and our trunks this morning. We had a warm ride up to our house. We found things in good shape at our house and our things in the trunks were in better shape than we feared. I called at Burlingame's tonight.

Saturday, March 30

Ther.: 78+

Warm and pleasant day. I did a little grafting this morning. Have hoed around some trees and vines. Cleaned out the spring. Kate has the house pretty well settled.

Sunday, March 31

Ther.: 37+

It began raining early this morning and turned to snow squalls this afternoon. It is so much colder we fear for fruit blossoms. We went to Burlingame's for our Easter dinner.

Monday, April 1

Ther.: 32+, 44+, 32+

Freezing this morning and some of the new growth on grape vines was killed. I fear it will be worse tonight. Had Dave working here today helping me saw some wood and cleaning up some new ground. Dewey and I went to Sapphire this afternoon.

Tuesday, April 2

Ther.: 30+

There was a damaging freeze this morning and I think all peaches, pears, and plums are killed. Cherries are badly hurt. Cannot tell yet about the apples. Kate did the washing this forenoon. Sawed more wood this afternoon.

Wednesday, April 3

Ther.: 40+

Been a pleasant day. I did some more grafting today. Started pruning fruit trees. Dug up some land and Kate planted some onions. Had a letter from ma this morning.

Thursday, April 4

Ther.: 64+

Warm and pleasant day. I continued pruning apple trees. Mr. Burlingame called here this afternoon and we did some grafting on an apple tree.

Friday, April 5

Ther.: 64+

Another fine day with some clouds and a nice gentle shower tonight. Kate has been sick all day with a severe headache. I pruned a couple more apple trees. Went over to Sapphire this afternoon to take mail.

Saturday, April 6

Ther.: 52+

Worked hard pruning trees and sawing wood and I am tired tonight. Dave has put in a full week at work for me. It has been a good deal cloudy and some sprinkles of rain.

Sunday, April 7

Ther.: 40+

The clouds were down upon us most of the day. Lucy and Jennie Burlingame called this afternoon and we went up on the hill where the cloud view was grand.

Monday, April 8

Ther.: 38+

Mr. Burlingame took his horse and wagon and we went to Lake Toxaway and got a load of our stuff that came from Chicago. It was pleasant this forenoon but clouded this afternoon and drizzled on us, and we got here just before a hard thunder storm. It is growing cold tonight.

Tuesday, April 9

Ther.: 28+

Cold and snowy this morning. It was freezing in the kitchen. It has been squally all day. Mr. Burlingame brought the rest of our freight from Chicago and we have all unpacked and stowed away. I went to Sapphire for kerosene and the mail. Had a letter from ma.

Wednesday, April 10

Ther.: 26+, 34+

Froze hard last night. The sun shone a good deal today, but there was some snow squalls. Kate got three hens of the Millers this afternoon. I mounted a lot of paintings. It takes a good bit of work to get the wood we burn to keep warm.

Thursday, April 11

Ther.: 29+, 52+

I froze again last night, but warmed up considerable today and threatens to rain tonight. I signed and marked a lot of the paintings and got ready for a trip to Brevard tomorrow if it don't storm. Mrs. Burlingame, Daisy and Kitty called this afternoon.

Friday, April 12

I got up early this morning and walked to Lake Toxaway and took train to Brevard. Thought it was going to warm up this morning, but it grew cold again this evening. I arranged with miss Long to carry my pictures in her Art store.

Saturday, April 13

Down to freezing this morning. I took a walk out on a mountain to a fruit farm. It was a beautiful place, and would make a fine home. Came up to the Lake tonight and am staying at Willbanks. It is turning very cold.

Sunday, April 14

Ther.: 20+

Coldest morning of the cold spell. Fruit must all be killed now. I stopped at McGuire's this morning and met a pleasant couple who are boarding there. Got home about one o'clock and was ready for my dinner. Found Kate and Dewey all right. We have to keep roaring fires.

Monday, April 15

Ther.: 24+, 50+

It grew warmer today and looks some rainy, which probably must follow this cold. Mr. Maers called on us this afternoon. He is up to see after starting the building of a cottage. Had a large mail tonight. Alfred Miller brought some freight.

Tuesday, April 16

Ther.: 52+

There was rain during last night. Unpacked the freight this forenoon and one of the boxes was our books. Posted some trespass notices this afternoon. Dave brought me the package of postcards I have looked so long for.

Wednesday, April 17

Very pleasant day. I worked for a while at fixing the ground for a new strawberry bed. Mr. Burlingame called this afternoon and we looked over the orchard, then I went back with him and he hung my new axe for me.

Thursday, April 18

Been a pleasant day. I went to Sapphire this forenoon to take mail. Mounted a lot of the paintings. Kate, Dewey and I took a walk over Rainy Knob to Mr. Henry Miller's home. We bought some butter of them.

Friday, April 19

Nice day, but breezy. I worked considerable in the orchard. Signed and marked a lot of pictures. It seems quite cool tonight.

Saturday, April 20

Ther.: 33+

Got up early this morning and after breakfast I walked down to Lake Toxaway. All the rest of our freight from Michigan was there and I arranged to have it hauled up Monday. There was frost this morning. Our strawberry plants came tonight.

Sunday, April 21

Cloudy most of today and looking stormy. We stayed close at home all day.

Monday, April 22

It has rained quite hard all day. Helped Kate do the washing this forenoon. Mounted up a lot of our little pictures this afternoon. Went over to Burlingames this evening for the mail.

Tuesday, April 23

It rained very hard this forenoon and there cleared off finely and has been a clear afternoon. I marked pictures in the forenoon and had Mr. Miller help me saw wood this afternoon. It is cool tonight.

Wednesday, April 24

Quite like spring once more. Our goods were brought from the dept and we worked hard at unpacking all this afternoon.

Thursday, April 25

We about finished the unpacking and putting away of our things today. This afternoon we planted out the new strawberry bed. Mrs. Burlingame and Mrs. Miller called on Kate this afternoon.

Friday, April 26

Sawed wood all day. It was a warm day. Just about 6 o'clock a rain came up and gave us a copious shower, which is all right for the newly set strawberries.

Saturday, April 27

Been a very nice day. Split up a lot of wood this forenoon. Went down on Mr. Crisp's place and got a small pine to try making a ladder from.

Sunday, April 28

Cloudy most of today and looking rainy tonight. Mr. and Mrs. Burlingame, Mrs. Burgess and Katie, were here this afternoon and we had music on the Phonograph.

Monday, April 29

Rather foggy most of the day. Helped Kate some on the washing. Set up a vise on the work bench at the shop and changed tools about some. Chopped down a tree that I feared might fall and hit the house.

Tuesday, April 30

Ther.: 72+

Quite warm today. I worked at the wood pile considerable, and we planted some potatoes. The sun did not shine much today.

Wednesday, May 1

Been threatening to rain all day, but seems to have cleared up tonight. I split up a lot of chunks for fireplace and got some up to the house. Made some "Spatters" to kill flies with. Took up and replanted a hill of Pieplant.

Thursday, May 2

Pruned some more apple and peach trees this forenoon. It rained some this afternoon and I worked at the shop getting dark room and chemicals ready for photo work.

Friday, May 3

There was fine cloud scenery from the orchard and Rainy Knob this morning and I made some exposures on 8 x 10 plates. Took some wood scenes down in the Glen also and have developed all. I went to Henry Miller's for butter this afternoon. It is raining tonight.

Saturday, May 4

This has been a pleasant sunny day. I cut out the oldest of my peach trees from among the apple trees. Finished pruning apple trees this afternoon. Kate set a hen on some eggs from Burlingames tonight.

Sunday, May 5

Been a fine day. We took a walk down to Thompson River falls this afternoon other wise stayed at home close.

Monday, May 6

Considerable ruin today, but Kate managed to get out her washing. I worked in the shop most of the time though did a few outdoor jobs.

Tuesday, May 7

A pleasant day. I got up some wood this forenoon. Planted potatoes, sweet corn, beans, and one hill of water melons this afternoon. I want to start for Highlands tomorrow.

Wednesday, May 8

I went to Whiteside Cove this forenoon on my way to Highlands. It rained this afternoon so I am staying at Grimshawes tonight.

Thursday, May 9

I was sick about all last night. An attack of cholera morbus I think. Went on to Highlands today. It has been clear and lovely. I have secured Miss Staub to act as agent for my pictures this year. Am staying at Rideouts tonight.

Friday, May 10

Dull, drizzly weather all day. I left Highlands about noon, stopped at Whiteside Cove about an hour and then came on home. I am some tired, but better than I expected to feel. Kate was sick yesterday.

Saturday, May 11

Been a pleasant but somewhat cool day. I have done but little today. Felt too tired. Kate and Dewey had supper at Burlingames this evening.

Sunday, May 12

It has been a cool but fine day and we drove to the Grimshawes in Whiteside Cove. We went by Fairfield and came back a rough road south so as to see Pink Azaleas in full bloom. We are pretty tired tonight.

Monday, May 13

A very nice day. I helped Kate wash and fix a nest for a new setting hen. Went to Sapphire this afternoon to do a little trading and get the mail. We planted popcorn and pumpkins tonight.

Tuesday, May 14

Sawed up old rails for stovewood this forenoon and also mounted some paintings. It has been a fine warm day. I still seem to be very weak.

Wednesday, May 15

Rained during last night. Had to go to Sapphire this forenoon to take pictures for R. Jennings to see. Signed, marked and did up pictures this afternoon. I set out some tomato plants given us by Mrs. Burlingame. It is warm and muggy tonight.

Thursday, May 16

Been rather cool all day and quite so tonight. I got up some wood and did other chores in getting ready to leave, but the surveyors plotting out Dr. Grimshawe's stead were here at work and I have to put off going till Saturday.

Friday, May 17

The surveyors completed their work this forenoon and I hop the land title business is now settled for all time. It was cool this morning but no frost here, though reported in some places. It has been a fine day.

Saturday, May 18

Got up early this morning and Dave brought me to the train at Lake Toxaway. I found Hiram in his studio all right and we took a walk out to the Williams' fruit farm this afternoon. I settled with Miss Long on the picture business and left more with her.

Sunday, May 19

Hiram and I took a long walk this forenoon looking over some small tracts of land that we might buy for a house near the town. This afternoon we read and rested. I wrote a few letters. It has been a warm pleasant day.

Monday, May 20

Hiram and I started out before 5 this morning and walked out 2 miles to see a piece of land. I took the cars and came to Hendersonville, and then on to Tryon tonight and am out in the Pacolet Valley at Mr. Howes.

Tuesday, May 21

Spent most of the day in looking about and planning for my work here. It is clear fine weather.

Wednesday, May 22

The clouds this forenoon about put me out of business but I made a good number of exposures this afternoon. Hd a card from Kate and a letter from Mother.

Thursday, May 23

Busy this forenoon making exposures for photos over near town. Took dinner and supper at Conner's. It has been almost sultry, and there was thunder this evening but rain did not come. I changed plates tonight and am ready for the Asheville trip.

Friday, May 24

I left Tryon at noon and came to Asheville. Am stopping with Mrs. Jacobs. She has a large house now.

Saturday, May 25

Got out early and went on train to Marshall, down the French Broad river where I spent the day in trying to photograph some of the fine scenery that abounds in that section. I am back in Asheville, but it is almost midnight.

Sunday, May 26

It was raining this morning and I was glad I came back last night. I had a visit with Ed Raines and Mr. Leech this afternoon. Went to church tonight.

Monday, May 27

Did some trading and settled with Mr. Law this forenoon. Took a long walk by the Swannanoa River and back to town over the mountains this afternoon, but the wind blew so hard I could not take pictures. It has grown real cool.

Tuesday, May 28

Visited some photographers in town this forenoon and also did more trading. It was cold this morning and there was signs of frost. I came to Brevard this afternoon and am with Hiram.

Pretty cold this morning. I marked and did up some pictures to send away and took the mail to Sapphire this afternoon. The sun shone brightly and melted the snow on the south slopes all off.

Thursday, Nov. 14

Ther.: 30+

Nice, pleasant day. I printed photos for color work. Dave worked on the cow shed. Dewey sold his bossy to Ruglas Burgess for \$4.00.

Friday, Nov. 15

Ther.: 32+

Another fine day. Sawed some wood this morning and then went at picture work for balance of day. Dave has the cow shed ready to roof and we intend to go at it tomorrow.

Saturday, Nov. 16

Been a very fine day. Dave and I put the roof on the new barn.

Sunday, Nov. 17

Pleasant this forenoon but getting cloudy this afternoon. I spent the day in reading and writing.

Monday, Nov. 18

It rained hard last night and all this forenoon. I worked all day at mounting and marking pictures.

Tuesday, Nov. 19

Fairly pleasant day. Dave put in the front gate and fixed the fence near it. A team can now come to the house. I went to Sapphire this afternoon to buy supplies.

Wednesday, Nov. 20

Dark and cloudy all day and a hard rain on tonight. Mr. Burlingame brought me a load of supplies from Sapphire this forenoon. Did some wood sawing with Dave.

Thursday, Nov. 21

Rained about all of last night. Quite pleasant today and I did some printing and finishing. Kate gathered a lot of Galax leaves and sent to different ones up north.

Friday, Nov. 22

It has been a dark and misty day. I mounted paintings this forenoon and made postcard pictures this afternoon. It is raining tonight.

Saturday, Nov. 23

Ther.: 56+, 50+

It rained most all the day with sharp lighting and thunder at noon. Marked and signed a lot of pictures.

Sunday, Nov. 24

Ther.: 40+

Cleared up last night and grew cooler. Today has been pleasant. Have done considerable writing today.

Monday, Nov. 25

I was up very early and walked to Lake Toxaway in time to send off pictures. Met some civil engineers who are looking over the water powers of this section. Sawed wood all the afternoon.

Tuesday, Nov. 26

Very windy all day. Sawed some wood, printed batch of pictures, hung barn door, and put in a full day at work.

Wednesday, Nov. 27

Milder weather today and looking some stormy this afternoon and evening. Made more pictures and sawed more wood.

Thursday, Nov. 28

Thanksgiving day and Kate got up a fine dinner for us three, as Bessie went home for dinner with her folks. It has been cloudy and threatening rain.

Friday, Nov. 29

I went to Lake Toxaway again this morning, but there was little moonlight and I had to carry a lantern a couple of miles. Saw Prof. Harbison at McGuire's and came some of the way with him. Found our express all there and Mr. Burlingame brought it up for me tonight.

Saturday, Nov. 30

Nice bright day and I printed a batch of pictures. Mounted a lot of the paintings this afternoon.

Sunday, December 1

Ther.: 32+, 26+

This has been a pleasant day, but has been growing cold. Wrote several letters and took them to Burlingame's tonight for Lucy to mail tomorrow.

Monday, Dec. 2

Ther.: 25+

Worked at signing, marking and doing up pictures. Went over to Sapphire this afternoon Mr. Burlingame going with me. It has been very chilly all day.

Tuesday, Dec. 3

Been a pleasant day. I made up a batch of platinum prints. We all went over to Burlingames tonight and had a phonograph concert.

Wednesday, Dec. 4

Ther.: 30+, 18+

It was a bright morning, but clouded and snowed before noon. It turned cold this afternoon and is going to be a bitter night for this country. Mr. Burlingame hauled some hay and feed from Sapphire for me this evening.

Thursday, Dec. 5

Ther.: 16+, 30+

Cold this morning but a bright day and growing milder. Mounted pictures this forenoon, did some wood sawing this afternoon and Kate and I walked over to Sapphire and back.

Friday, Dec. 6

Much warmer today. Worked at the Pictures all day. Have a bundle I want to get to the train tomorrow if I can.

Saturday, Dec. 7

Mild weather all day. I got up very early and walked to the Lake to send pictures by express. Had to carry a lantern nearly all the way. I had a second breakfast at Mr. McGuire's. Made some postcards this afternoon.

Sunday, Dec. 8

This morning I found the woods on fire on the mountain back of the orchard and Dave, Mr. Burlingame and I had a hard forenoon's work to save the fences. It is raining tonight. Ed Raines and Lucy Burlingame called on us this afternoon.

Monday, Dec. 9

Rained all last night, all today and is at it hard tonight. Hardest storm we have had in a long time. I mounted a lot of the paintings this forenoon. Looked over all our apples and sorted them.

Tuesday, Dec. 10

The storm was played out this morning and it has grown cooler this afternoon. Some of my baled hay was brought today.

Wednesday, Dec. 11

Ther.: 22+, 30+

Been cool but pleasant all day. I spent most of the day fixing up paintings to send away. Lucy Burlingame was married to Ed Raines this afternoon and we all were at the ceremony and the supper. I expect to go to Brevard tomorrow if I can catch the train.

Thursday, Dec. 12

I was up very early this morning and got to train at Lake, came to Brevard and am stopping with Hiram. Went out to see Mr. Galloway at farm we want to buy. Hiram and I called at Mr. Jasper Orr's tonight.

Friday, Dec. 13

Been doing errands and went out to farm again. It looks very much like snowing and is raining and sleeting this afternoon. Came to the Lake tonight and am at McGuire's for the night as it storms too hard to go home.

Saturday, Dec. 14

I came on home this forenoon. It was muddy and misty but did not rain. A little snow squall this afternoon but it melted at once. Had a large mail to look over tonight.

Sunday, Dec. 15

Ther.: 32+

Colder this morning. Mr. and Mrs. Burlingame called this afternoon. It is blustery tonight. Dewey seems to have a bad cold.

Monday, Dec. 16

Ther.: 26+, 27+

Quite cold this morning. Had Dave help me saw wood most of the day.

Tuesday, Dec. 17

Ther.: 26+, 31+

Been more or less cloudy all day and threatening snow storm. Did some odd chores and mounted some pictures. Kate and I gathered galax leaves this afternoon to send out as Christmas remembrances.

Wednesday, Dec. 18

Ther.: 32+, 41+, 32+

The ground was white with snow this morning but it mostly melted during the day. Dave and I sawed up a lot of wood today. The wind is northerly tonight.

Thursday, Dec. 19

Ther.: 23+, 32+

Quite cold this morning. We did up a lot of leaves to send to friends, and I went to the P.O. this afternoon with the bundles. It has been a pleasant winter day.

Friday, Dec. 20

Ther.: 26+, 32+

Cloudy considerable part of the day. I printed some platinum pictures. Went to Sapphire again this afternoon to take bundles of Christmas mail. Mr. Burlingame hauled some feed for me this evening.

Saturday, Dec. 21

Ther.: 32+, 40+, 34+

Very pleasant day. I pruned a few grape vines just before noon. Did not accomplish much today as felt too lazy. Bessie went home this afternoon for a stay of two or three months.

Sunday, Dec. 22

A stormy day and raining very hard tonight. We just read and rested all day.

Monday, Dec. 23

Quite pleasant and moderate all today. We did the washing this forenoon. Kate has been very busy cooking for the Christmas dinner. We received several Christmas packages by mail tonight. It is turning cooler.

Tuesday, Dec. 24

Some snow squalls today. We have been busy getting ready for Christmas. We put up the Christmas tree and Kate decorated the house this afternoon. We received more packages tonight.

Wednesday, Dec. 25

A fine Christmas day. The Burlingames took dinner with us and we had a very pleasant time together. We all had a nice lot of presents and I have been busy tonight writing acknowledgements.

Thursday, Dec. 26

Ther.: 40+, 58+

Fine day. I printed a batch of platinum prints this forenoon and finished them tonight. Went over to Dr. Grimshawes this afternoon to attend burial of his oldest daughter, but it was postponed until tomorrow. We got more Christmas by mail today.

Friday, Dec. 27

We all went to the burial of Olive Grimshawe. It was very sad. The day has been cloudy and it is misty tonight.

Saturday, Dec. 28

Ther.: 37+

Real warm today. Mr. and Mrs. E. T. Raines took dinner with us today. It seemed stormy most of the day and the sun shone but little.

Sunday, Dec. 29

Bright morning but soon clouded up and was foggy and misty. It is raining tonight. We had dinner at Burlingames and spent the afternoon there.

Monday, Dec. 30

Ther.: 58+, 30+

Rain last night and this morning. We did the washing and it cleared up so the clothes dried all right. I finished pruning grape vines this afternoon. It has grown much colder this evening.

Tuesday, Dec. 31

Ther.: 28+, 47+

Been a bright, pleasant day. I made a large batch of prints for the paintings. Expect I will work tomorrow if it is New Year's day.
