

HENRY H. SCADIN DAIRIES

1912

Monday, January 1

It was cloudy and misty today. Kate did her washing, but hung the clothes in the windway. I wrote a number of letters this forenoon.

Tuesday, Jan. 2

This has been a rainy day, and I spent a good share of it in reading.

Wednesday, Jan. 3

Some rain today. I opened more of our barrels of goods.

Thursday, Jan. 4

It was foggy this morning but cleared up quite finely. I went over to Tryon to see a plumber about our new house. Had dinner at Conner's. They are about all sick with grip. It was muddy walking. Is cooler.

Friday, Jan. 5

It was cold and frozen up this morning, but has been quite a bright day. Did some wood sawing. We unpacked more books and put them on the shelves and got more kitchen utensils from the barrels.

Saturday, Jan. 6

Frozen hard this morning. Kate and Dewey walked over to Howes' and Conner's this forenoon. I worked up considerable wood during the day. The Post Office here was changed to another building this afternoon. There was snowflakes in the air tonight.

Sunday, Jan. 7

Ther.: 17+

About two inches of snow on the ground and much hanging to trees and bushes this morning. The first snow of any account we have seen this winter. It has been a bright day and much snow melted. Pretty cold this morning.

Monday, Jan. 8

A drizzling, freezing rain all today. I made a bench and opened more boxes of goods. Kate did her washing.

Tuesday, Jan. 9

It turned colder during last night with a heavy freeze and today has been sunny and clear. I fixed up a window to do photo printing by.

Wednesday, Jan. 10

A bright day. I fixed up the dining room and made a few developing paper prints this afternoon. Kate went out calling on some of the town ladies. The snow and ice melts rather slowly.

Thursday, Jan. 11

More or less cloudy all day. It has grown much warmer and may bring rain. I did some more printing this afternoon.

Friday, Jan. 12

Quite pleasant today. I did more photo printing.

Saturday, Jan. 13

There was more snow all over the ground this morning. It has grown colder and is quite sharp tonight. Kate and I went to the office of the clerk of the court, and made out a discharge of mortgage on the place Mr. Brown bought of here.

Sunday, Jan. 14

A cold, gray day. The editor came and had dinner with us and spent the afternoon.

Monday, Jan. 15

Winter still. I walked over to Tryon this afternoon and came home by way of Howes and Conners. It grew very cold and windy and was hard walking. It is a wild sort of night.

Tuesday, Jan. 16

Ther.: 10+

This is mother's birthday and she is 71. This morning was coldest of this year so far. We did little but get wood and build fires. The editor came in and had supper with us tonight.

Wednesday, Jan. 17

Ther.: 20+

Moderating this morning. Printed platinum paper today.

Thursday, Jan. 18

Much warmer. Finished the batch of platinum prints made yesterday.

Friday, Jan. 19

Nice pleasant day. Printed platinum paper. Cooler tonight.

Saturday, Jan. 20

Continues pleasant. Dewey walked over to Tryon and the Howes and Conner's. He was tired walking through mud coming home. I worked at pictures.

Sunday, Jan. 21

A very pleasant day. Spent the time writing and reading, but we took a short walk out in the woods.

Monday, Jan. 22

Kate did a large washing this forenoon and I chopped down two good sized pine trees in the road in front of the house, so as to let in more light.

Tuesday, Jan. 23

Got up early, started at daybreak, walked over to Tryon and took the train up to Hendersonville. Had dinner at Baker's and walked out to Dana through much mud this afternoon. Think matters about the house building are doing well as possible.

Wednesday, Jan. 24

The ground was some frozen this morning so it was not very bade walking into Hendersonville. I reached home this afternoon.

Thursday, Jan. 25

Printed platinum paper today. Kate received her money from Mr. Brown of Amherst in payment for the mortgage she held. Nice, pleasant day.

Friday, Jan. 26

Keeps warm and pleasant with mercury about 60 during day. I finished batch of platinum prints this forenoon, and made some developing paper prints this afternoon. Darlcies came and cleaned out the well today noon.

Saturday, Jan. 27

Warm pleasant day. Kate and I took a tramp up the mountain and gathered some Galax leaves. The climb about used Kate up.

Sunday, Jan. 28

Been cooler and cloudy all day. Tonight a cold rain has set in. Dewey and I took a walk out south and east of town this afternoon.

Monday, Jan. 29

This morning the trees and bushes were covered with ice, and stayed so about all day. More ice on things than I have seen for years. I did a little mounting of paintings.

Tuesday, Jan. 30

Ice all gone this morning and a nice pleasant day. I worked at mounting and marking pictures. Mr. Hughes is not well and we try to help them a little.

Wednesday, Jan. 31

Much cooler today. I worked at mounting, marking and signing pictures.

Thursday, February 1

Ther.: 24+

Went to Tryon today to take a stock of our pictures to the Dana store. Had dinner at Connors, and they gave me a thermometer.

Friday, Feb. 2

Ther.: 22+

Cool but pleasant and I did a printing of platinum paper. Had a letter and Bank Draft from Will, and Kate and I went down to the Court House and made an acknowledgement of discharge of mortgage on the old home place.

Saturday, Feb. 3
Ther.: 18+, 36+

I finished platinum prints this forenoon. Dewey went over to Howes and Conners for the day. Looked stormy this forenoon but was pleasant this afternoon. A little squall and sprinkle tonight.

Sunday, Feb. 4
Ther.: 16+, 20+

Cold day and rather windy. Only excitement today was the burning out of the chimney on the Hughes house and Mrs. Hughes rushing over to our house.

Monday, Feb. 5
Ther.: 14+

Kate washed and used her new wringer. I cut up some wood, as I plan to go to Dana tomorrow. It stays cold.

Tuesday, Feb. 6

Got up early this morning and walked to Tryon, took train to Hendersonville where I called at Baker's Art Gallery and then walked out to Dana. Tonight I had supper with Mr. Marshall, the head carpenter on our house. Then we looked over the plans and decided on the doors and windows.

Wednesday, Feb. 7

Today I walked all the way home from Dana, coming over the mountains through the Deep Gap and around by Mill Springs. I blistered both heels pretty badly.

Thursday, Feb. 8
Ther.: 28+

Another nice day. I wrote a number of letters this forenoon. Have rested up from yesterday's trip.

Friday, Feb. 9

I worked at Postcard printing all day. The weather is quite mild.

Saturday, Feb. 10

Finished another large batch of Postcards today. Tonight we all attended a play given by the scholars of the High School. It is snowing quite hard tonight.

Sunday, Feb. 11
Ther.: 26+

Ground all white with snow this morning, but it mostly melted during the day. Read, wrote and rested.

Monday, Feb. 12
Ther.: 22+

Been a nice day. Helped Kate some with the washing, and made out an order for grape vines and currant bushes, raspberries and blackberry roots.

Tuesday, Feb. 13
Ther.: 28+

Made a large batch of postcards today.

Wednesday, Feb. 14

Ther.: 32+, 32+

It began snowing early this morning and has snowed about all day, about 2 in. of damp snow. I did some writing and opened up the rest of my negatives and sorted them.

Thursday, Feb. 15

Ther.: 36+, 48+

Thawing, cloudy and misty all day. Much of the snow melted and we caught considerable water. I did a printing and finishing of postcards.

Friday, Feb. 16

Ther.: 36+, 50+

Fairly pleasant day. There is still snow on Tryon Mountain. There was lots of snow up in the mountains the last storm.

Saturday, Feb. 17

Ther.: 40+, 46+, 44+

A dull, cloudy day. We put in full time at picture work. A letter from Dana announces that water was struck in the well on our place.

Sunday, Feb. 18

Ther.: 42+, 50+

Rain last night and this morning, so we caught some rain water. It cleared off and was quite a pleasant day. We took a walk up on the little mountain this afternoon.

Monday, Feb. 19

Ther.: 36+, 60+, 50+

Quite warm and spring like weather. I walked to Tryon this afternoon, and came back by Howes and Conners for a call. Peepers are piping away in the wet places.

Tuesday, Feb. 20

Ther.: 40+, 60+, 54+

Some clouds and some sun, with a little sprinkle tonight. Made a batch of postcards.

Wednesday, Feb. 21

Ther.: 44+, 58+

A heavy rain last night and today, with an downpour of hail. There was a little thunder and tonight it is cooler. Mrs. Hughes is sick and Kate had to be over there this evening.

Thursday, Feb. 22

Ther.: 30+

Some frozen this morning. Dewey and I observed holiday by taking a trip up on Tryon Mt. From Sunset Rocks we could see snow capped mountains to the north. I made several exposures with the camera.

Friday, Feb. 23

Ther.: 20+

Real cold this morning. I made a large platinum printing today. It grew considerable warmer during the day.

Saturday, Feb. 24

Ther.: 33+, 36+, 38+

Rained most all day. I finished platinum prints.

Sunday, Feb. 25

Ther.: 36+, 50+

Been drizzling rain more or less all day. Read and wrote and ate popcorn. Miss Landis and Miss Edwards, teachers, called on us this evening.

Monday, Feb. 26

Ther.: 42+, 58+

Rain all last night and most of today. Late this afternoon it cleared up brilliantly and warmer. I made a few postcards and other prints. Received a new crosscut saw.

Tuesday, Feb. 27

Ther.: 34+, 36+

Cool, clear and breezy today. I did a large printing of platinum paper and finished it all up. Had a letter from Will, and the appraisers have called the old home worth \$9000.

Wednesday, Feb. 28

Ther.: 30+

Some frozen this morning. It was clear all day, but clouded some this evening. Printed and finished platinum photos.

Thursday, Feb. 29

Ther.: 42+, 58+

Another nice day. I mounted and fixed up some pictures. Received some new postcards to work on. Kate cut my hair this afternoon.

Friday, March 1

Ther.: 28+, 42+, 36+

Cool weather again. I made a large batch of postcards today.

Saturday, March 2

Ther.: 24+, 36+

Quite cold this morning. Dewey went to Tryon to spend the day. This afternoon Kate and I took a walk out in a part of the town we had not seen.

Sunday, March 3

Ther.: 32+, 34+

A mild snow storm all day, making it look wintry once more. Spent the day in reading and writing.

Monday, March 4

Ther.: 30+, 42+

Snow about all melted off today. It has been cloudy and chilly. Dewey and I did some sawing with our crosscut saw.

Tuesday, March 5

Ther.: 32+, 32+

Cloudy and damp all day. It rained this afternoon then came snow to make the ground whit and stick to the trees. I worked at Postcards.

Wednesday, March 6

Ther.: 28+, 42+

Cold and wintry looking this morning. A good share of the snow melted during the day. I worked at mounting pictures.

Thursday, March 7

Ther.: 36+, 52+

Much warmer and a little sunshine during the day. I tried to get a negative of the snow crowned Tryon Mountain. Made some developing paper prints this afternoon. The mud is very deep again.

Friday, March 8

Ther.: 40+

Mild and cloudy weather. Signed and marked some pictures. Had a telephone message from Mr. Case saying they were stalled on the house, and so I have to go up there tomorrow.

Saturday, March 9

Left for Dana early this morning. Weather mild there, but grew windy and turned colder. Had dinner at Baker's and then walked over to Dana. Saw the carpenters and fixed up all troubles. House is beginning to show up well.

Sunday, March 10

Ther.: 24+ at Columbus

Real cold this morning. Mr. Case went down to the new house with me and we looked over the place some. Went to Hendersonville this afternoon and am at Baker's tonight.

Monday, March 11

Came home today, having dinner at Howes' and calling at Conner's. The walking is better but not very good. Found the folks well.

Tuesday, March 12

Ther.: 36+, 44+

Considerable rain today, and growing warmer this afternoon. Spent most of the time cutting card board for mounts.

Wednesday, March 13

Ther.: 48+, 40+

Quite pleasant today. Worked at postcards making all day.

Thursday, March 14

Ther.: 32+

Fine forenoon, but clouded up this afternoon, and tonight it is raining hard. We all intended to go to Dana tomorrow, and it looks bad for the trip now.

Friday, March 15

The rain last night was very heavy and the streams are torrents today. It stopped raining at 9 o'clock and I got Mr. Mills to take us to Tryon and then it set and rained on us about all the way. A livery team took us from Hendersonville to Dana, and all the roads are fearfully muddy. We visited the new house and farm.

Saturday, March 16

This has been a fine day. Dewey and I put our the grape cuttings and planted sweet pea seed. The hardware man and the plumber came out today and we have ordered the Bath Room outfit and the kitchen range. It has been a busy day for us.

Sunday, March 17

Another fine day. Horace Case brought us to Hendersonville, and we are having a fine visit at Baker's. Their graphophone makes fine music.

Monday, March 18

Ther.: 60+

We had Dewey at the dentist's this forenoon to have his teeth fixed up. We came to Tryon this noon and then walked out home this afternoon. It looks rainy again.

Tuesday, March 19

Ther.: 48+, 76+, 64+

This has been a warm day and will start the buds soon. I printed a lot of platinum paper today.

Wednesday, March 20

Ther.: 44+, 80+, 70+

A real warm day. I finished platinum prints this forenoon and made postcards this afternoon. Received a letter from Mr. Dyer and check to pay for hay.

Thursday, March 21

Ther.: 54+, 80+

Another warm day. Printed and finished a large batch of platinum. A letter from mother says they had a heavy snow storm last week.

Friday, March 22

Ther.: 62+, 58+, 48+

A very cloudy day, growing cooler. I cut up a lot of platinum paper, but could do very little printing.

Saturday, March 23

Ther.: 44+, 38+

Rain and dark all day. I did but little at pictures.

Sunday, March 24

Ther.: 38+, 48+

Very cloudy until this afternoon when it cleared up nicely. Kate and I called on the Hills this afternoon. "Uncle Walter" as he is called is quite sick. Kate and Dewey went to church tonight.

Monday, March 25

Ther.: 36+

A beautiful and clear day, and I made up the platinum prints.

Tuesday, March 26

Left home early this morning and came to Dana. This afternoon I got a new mattock and shovel and made some places for planting grape vines.

Wednesday, March 27

Had garden spot plowed and barrowed this forenoon. Planted some potatoes, peas and lettuce this afternoon and set out 7 currant bushes. It has been a fine day, but looks some stormy tonight.

Thursday, March 28

I managed to get the raspberry plants out today by working between showers. Tonight there is a heavy rainstorm on from the east, and it will spoil my plans.

Friday, March 29

A regular flood during last night and ground so wet I cannot set out trees so unpacked all and huled them in. I went to a neighbors and got enough strawberry plants to set a small bed.

Saturday, March 30

I came back to Columbus today. It is some cooler weather, but very pleasant. Tonight we went to school house and listened to the speaking contest of the girls and boys.

Sunday, March 31

Ther.: 46+

A very nice day. We all went to the Baptist church and heard a good sermon to the students. We had dinner at the Hughes. Mr. and Mrs. Mills called on us this afternoon.

Monday, April 1

Kate's birthday. It rained some during the day, one quite hard shower. Kate went down to the Professors and milked the cow we are going to buy tonight.

Tuesday, April 2

Ther.: 60+, 72+

Kate was sick about all of today, and that with some showers prevented my going to Dana. Kate is better tonight and has gone to the school entertainment with Dewey. It seemed like pleasant weather this evening.

Wednesday, April 3

Quite cool today. I came up to Dana and have been setting out grape vines this afternoon.

Thursday, April 4

Finished planting out the grape vines and set a few cherry trees. Started using dynamite for making holes to set trees, and find it good way.

Friday, April 5

Been hard at work planting trees all day. It looked stormy this morning but cleared up and was bright later.

Saturday, April 6

I put in a long, hard days work, and finished planting the fruit trees. It looked so stormy I decided to start for home, and walked into Hendersonville this evening where I am staying with Mr. Baker.

Sunday, April 7

There was just a little rainfall during last night, but it did not storm any today. I got home at noon. Kate and Dewey are both suffering from colds, and are busy caring for the new cow.

Monday, April 8

Ther.: 50+

I spent today looking for some views for photos, but did not succeed much. Had dinner with the Conner's. It was cool this morning and has been a clear day.

Tuesday, April 9

Ther.: 34+, 69+

I saw a little frost on boards this morning. Made some prints and postcards this afternoon. Kate had a time with her cow kicking this morning but she was all right tonight. A fine day.

Wednesday, April 10

Ther.: 56+

Much warmer today. Trimed and mounted a lot of pictures. It was very cloudy this forenoon, but cleared off this afternoon.

Thursday, April 11

I took camera and made a trip up the Pacolet Valley today, making a number of exposures. It has been a fine, warm day. The dogwood is in bloom and many other flowers.

Friday, April 12

Ther.: 58+

Dewey went over to see the folks in the Pacolet Valley. He was late getting home by a strange road near the big mountain. I made some postcards this afternoon.

Saturday, April 13

Ther.: 60+, 79+

Looked rainy about all day but has cleared off tonight. Dewey and I fixed a yard for the cow this afternoon. Kate sold butter today, and has bargained milk for court week.

Sunday, April 14

Ther.: 60+

A pleasant day. Mr. and Mrs. Howes came over and made us a short call this afternoon. We went out in the woods and got some wild flowers.

Monday, April 15

Cloudy all day and tonight we are having a thunder shower. The rain will be nice for our new set trees. I walked over to Tryon and back this afternoon.

Tuesday, April 16

Ther.: 58+, 62+

It rained about all last night, and some this forenoon, so the ground is soaked up well. I made a lot of Postcards and fear they are all spoiled by yellow water.

Wednesday, April 17

Heavy rain again last night. I mounted some pictures and took a couple of dogwood blossom photos.

Thursday, April 18

A sunny and very pleasant day. Dewey and I took a long tramp going to the summit of Tryon peak, where we ate our lunch. I tried potos at some of the water falls.

Friday, April 19

Ther.: 46+

Quite cool this morning. Worked at the pictures and postcards all day. Mr. and Mrs. Howes and their boarders called here this afternoon to look at pictures.

Saturday, April 20

Ther.: 48+

It has been cloudy and rainy all day. I mounted pictures this forenoon. Went out this afternoon and made a couple of exposures for postcard work.

Sunday, April 21

Some drizzly this forenoon and cloudy all day. We had several callers this afternoon.

Monday, April 22

There was heavy rains last night and this morning. I made a batch of postcards. Court opened here today, and Dewey went to listen.

Tuesday, April 23

This has been a fine day. I made some prints of Toxaway scenery.

Wednesday, April 24

Came to Dana today. Took dinner at the Grimshaws in Flat Rock, walking out from Hendersonville with Mr. Grimshawe. They took me part way to Dana. Our house has been at a stand still for a week.

Thursday, April 25

I planted some more garden this forenoon and looked over the young trees and fruit plants which I find growing well. This afternoon Mr. Marshall took me up on King mountain and the view is beautiful.

Friday, April 26

I hoed the early potatoes and worked in the orchard getting out worms nests and brush, and sowing fertilizer among the trees. Made a few Kodak views showing some of our dogwoods in bloom.

Saturday, April 27

There came a heavy rain storm this forenoon, stopping all work and my plans to walk to Hendersonville. This afternoon I rode to Hendersonville with Mr. Case's team, and came on to Columbus tonight, having a muddy walk from Lynn.

Sunday, April 28

A very pleasant day. I did a lot of letter writing. Kate and Dewey went to church this forenoon, and Kate and I tonight.

Monday, April 29

Heavy rain during last night and many showers today. We began to pack up our things preparing to move.

Tuesday, April 30

We have been hard at work all day packing goods.

Wednesday, May 1

We arose at 3 o'clock this morning and at 6 I left with the cow and Kate and Dewey came on with Mr. Mills and the load of goods. We are all at our new home in Dana tonight.

Thursday, May 2

A nice day. We have just fussed about all day. I went to a neighbors and saw a demonstration of spraying.

Friday, May 3

We have been hard at work all day at many different things. The mason made the fireplace today.

Saturday, May 4

It has been rainy some of the day and cloudy all day. We expected Hiram and Leora Glover, but they failed to come.

Sunday, May 5

Misty and cloudy most of the day. We did some resting today. I called on Mr. Marshall this evening. We looked for Hiram and Leora today, but they did not come.

Monday, May 6

Heavy rain last night. The mason finished the fireplace and chimney today. I had to keep puttering about all day.

Tuesday, May 7

A very heavy rain last night with thunder and lightning. Hiram and Leora came tonight and we are having a good visit.

Wednesday, May 8

More rain last night, but a wind came up and it has been a clear day. Hiram and I tramped about on the place this forenoon, and this afternoon we all went up on King Mountain.

Thursday, May 9

Dewey's 14th birthday and I gave him a rifle with which I think he is pleased. We all took a walk to the east end of the place this forenoon. This afternoon Hiram and I took a walk up the Ridge Road and over the place I first wanted to buy and which is now for sale again. Mr. Mills came with another load of goods tonight. It has been a fine day.

Friday, May 10

Got up very early this morning, said goodbye to Hiram and Leora who leave this forenoon, and then I came on to Columbus with Mr. Mills, so I can finish packing our things here.

Saturday, May 11

Been busy all day packing up. It rained last night and there has been heavy thunder showers today, and they still come tonight.

Sunday, May 12

A beautiful day. I nailed up the last box, swept some of the floors and walked over to Mr. Howes in time for dinner. Had a feast of strawberries.

Monday, May 13

I came up to Hendersonville this forenoon, did some errands there and walked out home this afternoon and found Kate and Dewey all right.

Tuesday, May 14

Dewey and I went to Hendersonville this forenoon and visited the Dairy Car of the Sou. Ry. I had a lot of errands to do and then we walked home a new way.

Wednesday, May 15

We worked in the garden considerable today, and planted out main lot of potatoes. There was a sprinkle of rain, and it has looked stormy all day. The plastering went on again this afternoon.

Thursday, May 16

Heavy rains during last night, but very pleasant today. Have done some grubbing, picked up boards and other odd jobs. It has grown so cold tonight that we are some uneasy for fear of frost. We made a fire in the new fireplace tonight.

Friday, May 17

There was no frost this morning, but it was very cool. The tax assessors came today to list our property. We began cleaning out the up stair rooms this afternoon as the plastering there is done.

Saturday, May 18

A very busy day with us, cleaning up after plasterers, tearing down the scaffolds about the house, doing gardening and hoeing young apple trees. It has grown much warmer.

Sunday, May 19

Real cool this morning and we had a fire in the fireplace all the forenoon. Bright all day and warm in the sun. Read some, wrote a little and poked about on the place.

Monday, May 20

Quite warm today. This afternoon I went to Hendersonville to do a few errands. Rode over with team hauling lumber and walked back.

Tuesday, May 21

Nice warm day. Dewey is building a Brooder House to house the new Hover that came yesterday. Kate and I did considerable gardening. Most all the windows are hung in the house.

Wednesday, May 22

Walked through to Tryon today, bringing camera to make views, but the weather is not very good for my work being hazy.

Thursday, May 23

Was out trying for views all day. It has been a summer day and pretty hot.

Friday, May 24

I came home today from Tryon by way of Hendersonville, walking out. We set out Tomato plants this evening. The ground is getting dry.

Saturday, May 25

There was a heavy shower just after noon that moistened up the ground nicely. I went over to Mr. Marshall's to try and get a photo of a rose bush.

Sunday, May 26

We all stayed close at home today. I wrote some letters and had a short nap.

Monday, May 27

We got a telegram that the Day-old-chicks were shipped this morning, so they ought to get here tomorrow. I hoed about all the young fruit trees and grape vines. It showers some this evening.

Tuesday, May 28

A busy day. Dewey went to Hendersonville expecting the chicks, but they did not come. I worked some among the apple trees. We got 100 strawberry plants by mail and set them out this evening.

Wednesday, May 29

We had rain last night and this forenoon. The little chicks came today and I got a livery buggy to bring them out. This afternoon I walked to Sugar Loaf Mt. to try for some pictures of the scenery there.

Thursday, May 30

Spent the day in rambling over and about the cliffs of Sugar Loaf. The wild rhododendron and laurel are fine and I found many beautiful spots to try for pictures. Am stopping at Beulah House.

Friday, May 31

Came home this forenoon and found Kate in despair with her chicks about all sick. Work on the house is going on well. Mr. Mills brought the last load of our goods yesterday.

Saturday, June 1

A very pleasant day. I took Kodak and went to Hendersonville, where I spent most of the day at Laurel park and Lake Oseola. Got back home just at dark.

Fixed a lunch for bench for Kate so she could use her tubs and wringer today. Did some developing of films tonight. We are having showers.

Tuesday, June 4

The carpenters finished work for the present, and took their tools up to the new Canning Factory. There came a hard shower this afternoon.

Wednesday, June 5

A warm day. I clean off the front porch and packed the lumber away this forenoon. Unpacked the new cook stove this afternoon.

Thursday, June 6

Rainy and cloudy today. I got ready to go to Brevard this afternoon but storm kept me back.

Friday, June 7

There was heavy rain last night and so the walking was bad to Hendersonville. I got to Brevard at noon and am stopping with Ed and Lucy Raines.

Saturday, June 8

Cool weather. I came to Lake Toxaway this forenoon and on to Sapphire this afternoon and am at Burlingames tonight.

Sunday, June 9

Called on the Morrors at our old home this forenoon. They are going to have some fruit of most all kinds. Visited with Mr. Burlingame about all day.

Monday, June 10

Real cool weather. I went to Fairfield this forenoon and had lunch at noon with Mr. B. at the storm. Did some more calling this afternoon.

Tuesday, June 11

Mr. Burlingame brought me to Highlands today and it was a pleasant ride. I am at the Staub Cottage.

Wednesday, June 12

I went below Satulah Mt. to get some views this forenoon. There was said to be frost about here last night. Was out in the Park this afternoon.

Thursday, June 13

I went to Whiteside mountain today and tried to get some new views. Came back by Shoot Off. It looks stormy tonight.

Friday, June 14

Heavy rain last night and I did not start for Franklin today. Made some views about town and called on friends.

Saturday, June 15

Hard rain this morning, so I could not travel. Went up on Satulah, and spent good share of the afternoon visiting Prof. Harbison.

Sunday, June 16

This has been a nice day. I walked to Dillard, Ga., and got the train there for Franklin, N.C. and am with Mr. and Mrs. Geo. Jacobs tonight.

Monday, June 17

A beautiful but very warm day. I have been going about making exposures on films for our picture work. Took dinner with Mr. Smith, the druggist. Had a letter from Kate.

Tuesday, June 18

Been going about all and getting some views. It has been a hot day. Am through with my work for this trip to Franklin.

Wednesday, June 19

Walked back to Highlands today and got a few more views on the way. It was warm in the forenoon but grew very cool this evening. Had letters from Kate and mother.

Thursday, June 20

Ther.: 52+

I took a little trip out to Shortoff this forenoon. Called at the Sanitorium this afternoon. It is cool weather.

Friday, June 21

Left Highlands this morning and walked through to Sapphire and am at Burlingames. I called at Dr. Grimshawes and Squire Nicholsons. Had an awful heavy load to lug. It is raining tonight.

Saturday, June 22

Ther.: 16+, 46+, 30+

Some warmer today. I printed a batch of platinums today. Had orders for more calendars from University, Va.

Sunday, Dec. 15

Ther.: 22+, 52+

A very pleasant day. Mrs. Mitchell and two children were here to dinner. Kate and I located a place for strawberry beds near the house.

Monday, Dec. 16

Ther.: 36+

Been warmer today. I went up on King Mountain this forenoon and took some views looking over our home to make postcards of. Been working at Calendars this afternoon. Developed plates tonight.

Tuesday, Dec. 17

Ther.: 52+

I made a lot of postcards from the negatives I made yesterday. Billy Case came and plowed some for a road and some terraces in the fields. Kate and mother are fixing up Christmas things.

Wednesday, Dec. 18

We have been doing up pictures and bundles to send away for Christmas. It rained some last night and today, but is turning cooler this evening. I had a little talk with Hiram Glover over the phone. He was at Baker's, on the way to Brevard.

Thursday, Dec. 19

Ther.: 30+, 36+, 24+

Grown colder, but it has been quite pleasant all day. Billy Case has been plowing for the strawberry bed and some more terraces. We sent off a lot of packages by mail for Christmas.

Friday, Dec. 20

Ther.: 20+, 50+, 36+

Cold this morning. I made a good sized printing of postcards. Dewey drove over town and got a load of feed this afternoon. Kate and I joined the Farmers Union here tonight.

Saturday, Dec. 21

Ther.: 28+, 48+

Did up many packages and mailed them off today. It is looking stormy tonight, but has been a pleasant day.

Sunday, Dec. 22

It has been dull and stormy looking some of today. Wrote, read and rested all day.

Monday, Dec. 23

Kate and Dewey went to Hendersonville this morning to meet Hiram and Leora, and they all had to face a cold east storm of rain and sleet coming home. I sent off a lot of packages this afternoon.

Tuesday, Dec. 24

Ther.: 32+, 28+, 30+

Everything out doors covered with ice this morning. Sawed wood, visited, and chored about all day. There were Christmas exercises at the school house this afternoon to which all went except Hiram and I.

Wednesday, Dec. 25

Ther.: 22+

We found our stockings pretty well filled as they hung on the fireplace mantle this morning. It has been a bright, fine day. Cards and packages came by mail. We had a good dinner and oranges and candy.

Thursday, Dec. 26

Ther.: 32+, 40+

It began showering early this morning and has been a gloomy day. Hiram and I managed to get in a little walk this forenoon. I called on Mr. Ward this afternoon to ask him about his land that joins ours.

Friday, Dec. 27

Ther.: 42+, 24+

Warm this morning but grew cold and windy this afternoon. Hiram and I looked all over the ward place this forenoon. We went to Oleela Falls this afternoon.

Saturday, Dec. 28

Ther.: 24+

Hiram and I got Mr. Garrett to go with us and made a trip to Hungry Creek power house and over the mountains to the Narrows of the Green River. It was very wild over there. The weather has moderated.

Sunday, Dec. 29

Ther.: 25+, 42+

Cloudy and chilly all day. Hiram and I took a short walk about our place, planning about where trout ponds can be made. We cracked and ate hickory and walnuts tonight.

Monday, Dec. 30

Ther.: 46+, 52+

A heavy rain and wind storm early this morning. It grew cooler this afternoon. Hiram and I called at Mr. Hills this afternoon and then went up on King Mt.

Tuesday, Dec. 31

Ther.: 32+, 42+

Been looking very stormy all day, but did not do so and is clearing up tonight. Hiram and I went up the cannery and store this afternoon. We had popcorn and apples tonight.
